“ What a great loss. I can't and won't ever be able to put into words what a special woman my Aunt Lola was. Ever since I was a little girl she always made me feel loved; no matter where in the world we lived or who my mom was. I will always remember around August of 2005 I went to visit her in TN. She showed me around her whole house and we just spent time together - doing puzzles, laughing, cooking. She would always say "I love you thissss much." with her arms as wide open as they would go. She signed every card that way, ended every phone call and even any vm that way. I will carry her with me forever. She was such a blessing to me, my sister & my mom. During times when people judged or took sides she just remained loving - regardless of the situation. I will never forget her grace & sense of humor. I will cherish her memory and forever miss her. I love you this much Aunt Lola. Forever <3
