“ Betty is a Very Dear Woman and Land Lady my Sister has become very close to over the years of renting a Very cute home on her property up by the Smokie Mountains and she ❤️ Loves it. Violet and Ron have helped Betty since moving in there almost 11- yrs ago. Violet Betty said was her Sister and Violets became her caregiver in the end of her becoming sick and Violet went above and beyond helping Betty and Ron Violets husband also. I’ve gotten to know Betty through my Sister Violet and feel like I’ve known her personally and have never met Betty. But all the Stories of Betty through my Sister Violet were some funny some Sad and we laughed and we cried together thru txt and many... phone calls. Well Now it Betty’s Chosen Day 3/20/2023 Monday from Our Creator and Father to take Betty on her final Journey home to Heaven where she’ll be with her Loving Husband John and all the others she’s joining up there in Heaven, I believe she went home on the wings of a Dove because the Morning before she went to her final home my Sister Violet had a Dove come to her front Door which she said she’s never had one there before and it sat there for a brief time until it moved upon a wheel barrel planter Betty gave her and there always a “SPECIAL” bird that visits us as there Spirit to say Hello I’m here to see YOU. God Bless and We Love You Betty R.I.P.

Always Look down on us and send your Angels too be with us. ❤️
