“ I will miss my uncle Billy. I remember when we four will right in his yard next to the road. And the race track in the field and he had a bad go cart. It would fly. I remember when it was mow day he would be on his mower mowing and dad too. And lots of memories out on the farm from tobacco to cows to loading bulls and when his dad got his dad's (papaw) broke his arm from loading a bull. And I miss seeing him driving his truck coming home from the mines and the cookouts. Love you and will miss you but hold on to your memories.
