“ Uncle Charles put trucking in my blood early in life. I remember a painting that hung over the couch in the living room of a truck traveling down the road being struck by a biker and showing his spirit traveling on as if it never happened. We know to be absent from the body is a new life where we open our eyes to be in the very presence of God . I myself am on the road driving today and every trucker I have spoken to sends their prayers love from James and Sandra and son Caleb Eslinger
