“ Don, thank you for all you done for us boys growing up, you took on a very big responsibility as a young man in your early 20's by taking on 5 boys to raise and feed, you were always a hard worker throughout your entire life. You always made sure we had a roof over our head and food on the table and things we needed for school, even though it must had been a struggle at times but you never gave up on us or our mom and for that I will be forever grateful. I hope you know how much you were appreciated and loved, it definitely takes a special person to do what you done for us for all those years. I will be forever grateful and I'll never forget you. I know you are now enjoying your family in heaven , we will meet again someday, say hi to mom for me.
