“ *Donald was a wonderful brother to my wife Carolyn and wonderful brother-in-law to me. Donald helped me get my first full-time job at the local newspaper where he worked in 1960. I was fortunate enough to repay him by helping him get a job at the printing company in Knoxville where I worked in the early 1970s. I worked as a typesetter on the old Linotype lead-based typesetting machine for 15 years of my first career. Donald worked in printing several years and eventually owned his own shop for 22 years. Thanks to all for your prayers for Carolyn and me as well as for all the family and friends of Donald.*
