“ Eric I will never forget a memory we made together. From you teaching me how to fish, work on cars, ginseng hunt, hunt any kind of animal, you were my uncle but more like my dad. I love you forever man and always will.

That he hasn't been allowed to see since she was 2 or 3. Now is not the time! I tried contacting Kayla yrs ago and Amanda blocked me! She only knows Chad as her dad! This is not the place to post matters that we had no control over!

Yes, he had a daughter, whom he loved& thought about on a daily basis. Let me also say, when Eric was given the opportunity to get to be a father, he was a good one.
