“ *What can I say? This dude was my best friend in the entire world. I'd say, most of the fun I've had in my life, especially from 15-22... This man picked me up from the airport when I got leave during the invasion of Iraq, took care of my car while I was gone, and I feel like a piece of myself died....*

He went with me to my mom's funeral, when I was only 16. I was 17 when stayed at this house for over 3 months straight, never going home once. We never fell out of touch.

I wish I could have done something more to help my friend. There are so many times since he died that something amazing or crazy has happened, and I go to call his phone...

Nobody did it bigger or better than this dude. If I had to wager, from 1998-2006 half of all women that had sex during this time, were having it with him. The always hated, never duplicated, all time greatest, undisputed G. O. A. T. Women wanted to do him, dudes wanted to be him.

If somebody says, so and so did it better, I'm gonna have to see some evidence to believe it. Cause I witnessed it live and in HD.
