“ We were like brothers and sisters when growing up next door to each other on the farm. My sister and I used to visit their place a lot during the summer picking cherries off of the cherry tree, working on the farms together and just having a good time. Together all through high school when we graduated together. A great individual. With love, your cousin, Dan Ballinger.

Lous had a great sense of humor and I'm sure the Angel's in heaven will be rolling in the clouds from it. When I worked with her before she retired from the nursing home she spoke of one of the patients, who was nasty to everyone , saying when he died they will bury him facedown so he can see where hes going. I laughed and agreed with her on that one. It stuck in my mind. She will be missed by many. Keep em rolling Lois!

“*My thoughts and prayers are with Lois's family. She was such a sweet lady and a good friend. We worked together years ago but stayed in touch. She loved her family and the time spent at the lake house. She was so excited to get the old wood stove. She will definitely be missed by everyone.*
