“ *Sister. My sis, my friend. So many memories come flooding back when you lose someone. Growing up it would be Sis, Me and even Libby sleeping in the same large bed. If not, you better believe it was at least 2 of us! Every night we would tell eachother.....Good Night, I love you, See you in the morning! We did this till the time we all three separated when we left home, one at a time. Well our nights our quitter with no words, and they may be good again in the future for us, but yours is better now in Heaven. I will always love you so much, as I told you Friday night and you back to me, But we won't see eachother in the morning. But I will see you next in Heaven sunlight.*

“ *Where do I start Sis was more than a sister she was a second mama to me and my older sister while our parents worked. She cooked for us cared for us and played with us knowing she didn't have to but I never heard her complain. She was one of the most sweetest , honest,loving, quietest people you would meet . No doubt in my mind she is up in heaven hugging her mama and daddy tight and her husband who passed before her.Sis loved her kids and grandkids very much , Sis I'm going to miss you like crazy but will see you again one day . I love you .*
