“ *Your memory still lives inside of me, Missy. I could name so many, but you'd probably slap me for getting all mushy & emotional. So, wherever you are...floating thru space, or reincarnated as someone else...or behind the Pearly Gates chillin with God & His people...just know I miss you. Everytime I hear that Little Texas song I sang to you all those years ago...sneaking into your house when we were young and having late night talks...every time you cross my mind...yours is one of the souls I hope mine gets to meet again one day. Until then...*
