“ My words cannot express the deep sorrow that we are feeling. She taught me how to adjust to life at the lab (which was different than anything I had experienced before). She was my mentor, my friend and confidant. I was blessed to know her and work so closely with her. Ron and I are praying for peace, strength and courage to be with you, Tim and all of your family and friends.

“ *Patty started at ORNL a week or two before I did 15 years ago. I was in way over my head and completely overwhelmed with the Lab at 26 years old. She was my saving grace and instant friend. She has been there thru all the big moments in my life and I'm blessed to of called her a friend.*

Tim, I was always so envious of your relationship. She adored you and it was obvious the feeling was mutual...truly each others very best friend. I'm so sorry for your loss. Please know you are surrounded by those that love you and if there's anything we can do, there is a swarm that will be there in a second.

*Love,

“ *Patty and Tim took Avery, Gracen, and I in their hearts and have loved us so well. There wasn't a birthday party that was missed or a milestone that she didn't hear about. Patty was not one to build walls, she just built a bigger table and took care of more of us as we came along. The love that she has shown us will forever be a mark on our lives and the girls and I are so much better for it.*

The girls are so happy you finally get to play with Boots again. Thank you for loving us so well and letting us love on you. We love you to the moon.

*Love,
your Patterson girls*

“ I first met Patty in 2015 when I changed positions at ORNL into Compensation. I learned a lot from her. She knew her stuff that's for sure. I enjoyed hearing her talk about her pool. You never knew when she was going to crack a joke to make people smile. She loved her birthday as well as celebrating everyone's birthdays. I'll miss her smile but keep her memories forever.

“ Mama Patty, I will miss you so! You always took care of me, whether it be work or personal, you were no stranger to the drama in my life. I would spend hours chatting with you and there is just no one in the world like you. You are so loved. You will be missed. Until I see you again...love you.

“ Although my time working with Patty was limited, it is obvious from those who did work with her that she was a caring, loving person - who was loved and cared for in return. My prayers are for peace and comfort to her loved ones and friends. May wonderful memories of Patty sustain you during the difficult times.

“ I miss Patty dearly. She is a joy to be around all the time. So sweet, smart, caring, and happy. She and I are dog-lovers, so when we were sent home due to COVID, we sent each other pictures of puppies every single day. I really miss that. I love you forever Patty! Praying for your friends and family.
Rest in Peace ❤️

“Patty was the first person I got to work with at ORNL. In fact, she transitioned a lot of her work to me almost 14 years ago. We shared quite a bit with each other and got along instantly. She was a tough cookie, knew her stuff, and taught me so much. She never hesitated to pop in and check on me and Lizbit through the years, even when we didn't directly work together any longer. She was fun, caring, helpful, and had a beautiful smile we will all miss. I'm blessed to have known you, Patty. We love you and Tim and will continue to pray for comfort and peace.
