I first met Ron when my husband started teaching at Clinton Elementary School in August of 1964. They were fast friends and soon he was like family. He was singing then...and we loved hearing him. He was a good man and even though pretty young, he was a light to a lot of people. He and my husband are now meeting again. Thank God for the blessing of knowing him long ago.

“ Have known Ron for many years and enjoyed sharing music/services with him on so many occasions. Ron was a strong lead singer with an equally strong presence which always commanded respect. And to sing or play with him was such a blessing! Love and Prayers to Aquilla and the family! And some day we will sing again! Blessings!

“ I first heard The Sentinels from an album in 1975. At that moment, they were one of my favorite groups mainly due to Ron's voice & the contemporary Christian sound they had. In 1978, I asked Ed Osborn if I could join The Sentinels by playing the pedal steel guitar. Ed told me that I had to learn to play the electric guitar also before they would let me join them. After I learned to play the electric guitar they let me join them! I was in hog heaven for the 2 years that I played for them! I loved the times where Ron & I would get together before the church services & share scriptures with each other. Doug Johnson

I had heard the Rowlands several times over the years and enjoyed their ministry every time I was blessed to hear them. But in 2000, my Daddy was pastoring Pine Dale PH Church in Turbeville, SC, when our church board voted to invite Brother Ron to come to our church not only to sing but teach The Bible for a week! I think that was the most memorable and blessed week we have ever enjoyed. Brother Ron had been on my mind for several weeks and one night I decided to see if I could contact him. I started googling him and what I found was his funeral service. It broke my heart that I had not been able to contact him but what a blessing to be able to be at his funeral, via the internet. He made such an impact on our lives every time we saw him but especially the week they stayed with us during revival. May God continue to bless his family. I just imagine he and my mother and daddy have already met on the other side rejoicing with all those gone on before. Aquila, I pray God's blessings upon you and rest of his family!!!
