“ Sending my thoughts and prayers to Mary and family. Mr. Bill was such a great friend and neighbor to me. In many ways, he reminded me so very much of my pa and when I would visit him in the summer on his farm. He kind of filled the loss of missing him and gaining two great friends and neighbor. Mr. Bill and myself had many conversations over the years. He liked to talk and I liked to listen. It was kind of funny but, I wondered if Mary, thought I might be unsociable. I planned to stop and talk to both Mary and bill but, I never made it past the garage or him . He loved to talk and I enjoyed listening. He would share things of his many years with his loving wufe, when they met, and their marriage of over many years. He loved to share his life on the farm as a child until now, his loving family, the dedicated years he worked at Phillips, the area history, his love for his dogs Bella and Katie, and farming his cows and growing his amazing garden. My favorite that he always let me know about is a White and Brown Jersey cow. I named her Dolly. She was born on his farm. She was born a beautiful calf. She is special and unique, I said to him. He said, why is she special? I told him because she was born on your farm . He just grinned. He always had time or made time to chat with you. He was a kind and caring soul. He would every spring and through out summer bring me a big bag of vegetables from Mary his and garden. He would also bring old magazines that they went through. Every day he would wave to me across the way. I know you are in a beatiful and peaceful place and Bella was their anxiously awaiting to see you again but, you will be greatly missed down here my friend.
