“ Knew Bill Gann for more than 55 years. Watched him grow up and become who he was. A lot of changes took place in his life. Education, work, married,divorced, and age took a toll on his life. When he was able he would play us a song when we visited him. This was who he was. He loved kids. I ask him several times about being saved,he told me he was saved. He will be missed. I truly appreciated all he did in helping Jeff in his music.

“ *My Uncle and BlueGrass mentor. A special place in my heart and life is now quiet. No guitar runs, banjer' rolls, slide wearin' out dobro strings, High Lonesome tenor lead vocals and harmony. A complicated man that in my opinion was well worth tryin' to figure out. I'll always hold every memory, Everything He taught me about our music, close by R.I.P. BanjerManBillGann' :€*
